Sindicato dos Profissionais de Seguros de
Portugal

2008

Final

18 / 20

STRENGTHS

★ Resilient

I never give up, if something fails, I keep on digging for a solution

★ Leadership

I'm an organized team player, a native communicator and deeply analytical. It's more about who I am than the role I play

★ User centered

I'm empathic and proficient in some technologies such as HTML, CSS and JS, but these are only tools I use to create better experiences.

ACHIEVEMENTS

Domotics interface for CR7

I got to design domotics system interface for Cristiano Ronaldo's home in Lisbon

Carnalentejana website

700% / year increase for the past 3 years

LANGUAGES
